WHO WE ARE

About the Organizer

Indian Space Association (ISpA)

The Indian Space Association (ISpA) is the apex industry body representing India's space sector. Established to serve as the collective voice of the Indian space industry, ISpA works closely with the Government of India, ISRO, IN-SPACe, NSIL, academia, and Industry to Strengthen The Country's Commercial Space Ecosystem.

ISpA promotes Policy Advocacy, Industry Collaboration, Technology Development, International Partnerships, and Capacity Building to accelerate India's Emergence as a Leading Global Space Power. Through its initiatives, ISpA supports innovation, encourages private sector participation, and enables sustainable growth across upstream, midstream, and downstream space activities.

As the organizer of the India International Space Conclave (IISC), ISpA brings together key stakeholders from across the Global Space Ecosystem to Foster Dialogue, Business Opportunities, Strategic Partnerships, and International Cooperation.

ISpA's Focus Areas

- Policy Advocacy
- Industry Collaboration
- International Cooperation
- Innovation & Commercialisation
- Skill Development
- Sustainable Space Ecosystem

ABOUT THE CONCLAVE

The 5th Edition of the India International Space Conclave (IISC 2026), organized by the Indian Space Association (ISPA), is India's premier international platform dedicated to advancing the Commercial Space Ecosystem. Bringing together Global Industry Leaders, Policymakers, Government Representatives, Investors, Academia, Startups, and Technology Innovators. The Conclave serves as a Catalyst for Collaboration, Policy Dialogue, Investment, and Business Growth.

Under the theme '*Orbital Horizons: Securing Tomorrow's Space Economy*,' IISC 2026 will explore the opportunities and challenges shaping the future of the Global Space Economy, with discussions Spanning Commercial Space, Satellite Communications, Earth observation, Investment, Regulation and Policy, Sustainability, and International Cooperation.

CONFERENCE THEMES

Day 1 – Enabling India's Next Phase of Growth in Space (Policy, Markets and Investment)

The opening day sets the policy and investment agenda for India's Commercial Space Sector, bringing together Government, Industry, and International Partners to chart the path toward a globally competitive Space Economy.

- India–France Space Partnership: Expanding Industrial collaboration and Global Opportunities
- Telecom Regulations, Spectrum and the Future of Satellite Connectivity
- Financing the NewSpace Revolution – capital and investment pathways for the sector
- From Start-up to Unicorn: Scaling India's Space Enterprises
- From Vision to Launch: Transforming India's Launch Ecosystem
- Law and Regulations in Space Commerce and Responsible Space Operations

Day 2 – Building a Trusted, Skilled and Sustainable Space Ecosystem

The second day turns to capability-building, International Cooperation, and the people and standards that will sustain India's space ecosystem over the long term.

- India–Japan Space Cooperation: expanding horizons of bilateral partnership
- Building Capabilities in Earth Observation and the Next Wave of Geospatial Growth
- Beyond Orbit: Space Exploration and Future Prospects
- Building India's Space Workforce
- Safe and Sustainable Space Operations and the Future of Space Traffic
- Youth Power: Shaping the Future of India's Space Sector
